Tabung Haji to finalise London deal

KUALA LUMPUR: The Pilgrims Fund Board (Tabung Haji) is expected to finalise the purchase of a commercial property in London by September, said managing director Datuk Ismee Ismail.

He said the board had already identified the property to be acquired after a feasibility study was carried out way back in 2008. "The real estate identified is currently being tenanted and the nature of business carried out there does not violate Islamic principles," he told reporters after receiving the ISO certificate from ISO certificate from DQS and SIRIM QAS International Sdn Bhd. — Bernama
